MIDVALE STEEL BUYS MARIANNA COAL PROPERTY

Officials on Visit Confirm
Rumor and Make Plans
for Operating all Mines

AT LEAST \$4,000,000 PAID

Prominent officials of the Midvale and Cambria Steel company visited Marianna Friday and let it become known that that big corporation had purchased the entire holdings of the old Pittsburgh-Buffalo company there. While the huge sum involved was not made public, it is at least \$4,000,000.

The sale of the property, which is one of the largest coal deals in several years in Western Pennsylvania, was made by the Union Coal company, a holding concern of the Union Trust company of Pittsburgh. The Union Trust company was one of the principal creditors of the Pittsburgh-Buffalo company and purchased the Marianna workings at the receiver's sale in Pittsburgh last August.

Officials of the Midvale and Cambria concern announced that the workings would be operated in full. The Union company has been working only the Rachel mine, but the new owners will commence immediately to clean out and place in readiness the Blanche or Shidler shaft.

These two mines will employ an aggregate of 1,500 miners and there are only 350 at Marianna so that fully 1,000 additional men will be needed at once. The entire string of coke ovens, 160 in number will be put in operation as well and extensive improvements will be made about the plans. A stretch of railroad track, about one mile in length, will have to be laid to the Blanche or Shidler shaft.

Announcement that the Midvale and Cambria company had really purchased the Marianna mines, heralded when put in operation several years ago as the "model mines of the world," does not come as a surprise. It has been known for weeks that this corporation had been considering such a move and had made a thorough survey of the ground, mines and surroundings.

The entire output of the mines will be used by the Midvale and Cambria company at its various plants. To expedite the removal of coal and coke from the mines, the steel concern will build its own cars at its Johnstown plant. This will likewise insure almost steady operation, doing away with the shutdowns often occasioned by shortage of cars.

Nothing could possibly transpire that would make the outlook for the coal industry in the Ten Mile valley seem more promising. The total acreage that will be developed from the Marianna mines is about 5,200 which means that several years will be required to completely develop it.

Marianna will again become the prosperous, thriving mining town it was in the days when the Jones interests of the Pittsburgh-Buffalo company constructed and placed the mines in operation. For two years it has been a deserted village in comparison with conditions when it flourished.

Car Shortage Is Cause Of High Prices

Car shortage is causing what is practically a coal famine in the Pittsburgh district right in the midst of a period of the highest prices in the history of the industry according to W. F. Field, president of the Pittsburgh Coal company. Mines are operating at 50 per cent capacity. Inability to ship the product out on account of lack of cars is the reason he gave.

"Many of our patrons seem to think we are holding out on regular contracts with them to take these peak prices of from \$5 to \$8 a ton," he said. "Other companies are facing the same complaint. The fact of the matter is that we cannot get cars enough to handle our regular contracts, let alone make new sales to take advantage of the prices."

SURRENDERS ON MURDER CHARGE

Daisytown Man Says He
Struck Perosky Last Sunday
in Self Defense

HAS BEEN WANDERING SINCE

James Horwatt, wanted for murder, gave himself up Friday to Sheriff Frank B. Wickerham. He walked into the sheriff's office at the court house, told who he was and said he was the man who had struck and fatally wounded John Perosky, at Daisytown on last Sunday night. His victim died Tuesday in the Mercy hospital, Pittsburgh.

Since the crime was committed Horwatt had wandered about the section near his home. He finally concluded to surrender himself to the authorities. He alleges he did not strike the blow, that caused Perosky's death, until he believed himself in danger. Perosky was hit over the head with a clothes line prop.

Horwatt came to Washington early Friday and is now held pending the making of a formal charge of murder against him.

When seen the prisoner declared that while he was responsible for the death of his fellow-countryman, he struck in self defense, without intending to kill. Perosky, he said, was making for him with a knife and he had no chance to escape, but used the clothes line prop in self defense. He refused to state the cause of the quarrel in which he and Perosky were engaged on Sunday evening, but it has been reported that their differences arose over a woman.

Coroner James T. Heffran was notified and Horwatt has been committed regularly and full investigation of the case will be made.

Official was the initial step in that corporation actually taking over the mines. As soon as details can be arranged, it is stated the extensive improvements outlined will be started. The Rachel mine will be operated steadily and its output increased as the force of miners is increased.

GAS SHORTAGE MAY BE WORSE THAN EVER THE COMING WINTER

Warnings Issued to Industrial Plants Probable Curtailment of Supply—Lesser Supply Than Usual Already Noticed

A gas shortage which may prove far more serious than that of last winter is feared the coming winter. Notices warning consumers are already being sent out, stating in effect that it may be necessary at times to entirely shut off the gas supply. However this will apply only to industries. The domestic consumer will not be affected it is promised.

Where the private consumer will be affected, probably, if the fears of a general shortage come true, is in the limited supply. Already in some sections there is noticed a lesser supply for private users than during previous cold weather.

During the last spring, summer and fall, there was unprecedented activity in drilling operations, yet returns were not such as to guarantee a lasting supply of gas this winter. Apparently the natural gas fields are giving out.

John G. Pew, president of the Peoples Natural Gas Company has issued

a warning, that well expresses the general trouble. He says that the supply is inadequate because gas concerns simply cannot get gas out of the ground. He says, "Our ordinary surplus has become impaired by reason of the unusually heavy demands upon the supply from manufacturing plants. Most of them are working at about 150 per cent." He has advised that industrial plants prepare their boilers for the use of other fuel.

Should industries adopt the use of other fuel than gas, then there will be sufficient supply to last a long time for domestic users. Should the supply give out entirely the only alternative would be the manufacture of gas, as in various other cities not in the natural gas belt.

Directly in Charleroi the Greensboro Gas Co. furnishes gas from a number of wells. Their supply is largely for private consumers and as yet has not been as seriously affected as the rest.

BOHEMIAN GIRL OPERA WELL PRESENTED HERE

Davenny Festival Quintet of Pittsburgh Makes Good in Difficult Production—All Singers Show Ability—Good Sized Crowd Hears Opera

"The Bohemian Girl" grand opera was in Charleroi for the first time Friday evening, when the Davenny Festival quintet of Pittsburgh, appearing as the first attraction on the Citizens' Entertainment course, essayed the presentation of it in costume. To say they presented the opera well is merely to state a fact.

The quartet of singers is composed of Mr. and Mrs. Hollis Edison Davenny, Miss Edith Latimer and John Seifert, with the accompanist Miss Elspeth Prichard. In the difficult roles of the opera the singers showed themselves at home. The work of the Davennys was specially pleasing though Mrs. Davenny the soprano with a wonderfully rich voice and a wide range, was bothered considerably with a serious cold. John Seifert the tenor displayed splendid vocal ability. The contralto, Miss Latimer has a voice well adapted to oratorio work and pleased her audience.

All the singers are from Pittsburgh where they enjoy reputations second to none in their line of work. The next entertainment will be given on November 16, when Sidney Landon, impersonator and entertainer will appear.

A good sized crowd was present at the Friday production indicating the success the course will enjoy this season.

Don't forget the masquerade social to be held by the Iris Rebeckah lodge in the Bank of Charleroi Hall Monday, Oct. 30. Admission 15c. You are welcome.

WILL MAKE INSPECTION OF CONCRETE HIGHWAYS

Party of Washington Countians Will Go to West Virginia Monday to Look Over Roads—Commissioners and Engineers Going

Monday morning over 25 good roads enthusiasts will leave over the B. & O. road for a tour of West Virginia, with the special intention of inspecting concrete highways. It was originally planned to make the trip by automobile, but this idea was given up and the junketers will occupy a special car on the 8:42 westbound express. Arrangements have been completed for meals and lodging and a low rate has been secured.

Most of the time will be spent in the vicinity of Mannington, Clarksburg and Fairmont and attention will be paid to the construction of the concrete roads on grades. The return will be made Tuesday afternoon.

A large number of road supervisors will be included in the party as well as several officers of the Washington County Good Roads Association. County Commissioners Barnum and Hill, County Engineers Chaney and Armstrong and E. E. Bayard and T. D. Harmon of Pittsburgh of the National Stockman and Farmer, will also be in the party.

BELLE VERNON GIRL HURT IN A FALL FROM TAXICAB

A girl from Belle Vernon, whose name could not be learned was injured about the head last Friday night when she fell as she jumped off the running board of a Belle Vernon taxicab at Fifth street and McKean avenue. Her head struck the hard streets, her scalp being laid open. It is not stated that she was critically injured.

Endless Chain Scheme Finds Local Victims

A number of local people have been caught in the endless chain scheme of the so-called National Brokerage Exchange, with supposed offices at Minneapolis, Minn. To every woman who would send ten cents in silver and give five friends urging them to join in the chain the "Exchange" promised a "new 1917 model silk petticoat." Thousands of letters have been returned to the writers, but a large majority carry no return marks and as a result the dead letter office is being clogged. Investigations are being made to determine the identity of the members of the "firm" who are believed to have gleaned a rich harvest from their efforts.

ATTENDING TO FINAL DETAILS

Committee in Charge of
Hallowe'en Celebration
Busy on Plans

EXPECT NUMEROUS VISITORS

Committees in charge of the Hallowe'en celebration which will be held here are attending to final details and are preparing to entertain one of the largest crowds that ever was present at an event of the kind. Advances have been received from a number of surrounding towns and especially from the Bentleyville-Ellsworth section of crowds that will come.

As has been often repeated the parade will be the biggest feature of the day's celebration. It will start early in the evening at Second street and will traverse McKean avenue and Fallowfield avenue. A board of judges, already named, will view the line of march and decide the awards for the individual prizes to be given. Gold money will be distributed.

RALLY DAY TO BE OBSERVED AT FIRST CHRISTIAN CHURCH

Rally day will be observed at the First Christian church Sunday with special services in the Sunday school and at the church hour. The slogan for the day will be "Loyalty to Christ and His Church." Rev. E. N. Duty, pastor will preach special sermons at both morning and evening services.

RESURFACING STARTED ON FAYETTE COUNTY HIGHWAY

Work of resurfacing with water-bound macadam 4,000 feet of the road extending from the borough line of Brownsville to East Millsboro was started this week under the direction of Superintendent J. T. Budinger of the State Highway Department. The section being improved begins at the Brownsville borough line. The work is being carried on under the state aid plan. Mr. Budinger said he had been instructed by the Highway Department to close up the year's business of his office.

RALLY PLANS ARRANGED BY REPUBLICANS

Mass Meeting at Donora
Next Monday Evening to
Start Week's Work

DR. TEMPLE TO BE SPOKER

The Republican county committee will resume its meetings next week in different sections of the county. A number of trips will also be made by the candidates to meet the voters so that every part of the county will have been reached before the end of the campaign.

On Monday evening a mass meeting will be held at Donora which will be addressed by Congressman H. W. Temple and Judge Arthur B. Hayes of Washington, D. C. On Tuesday a trip will be taken through the Panhandle section of the county.

Thursday evening Mr. Temple will speak at West Brownsville and on Friday evening at Monongahela. The Finleyville section and the territory around Monongahela will also be visited that day. Saturday night a street meeting will be held at Canonsburg addressed by the congressman.

At Monessen plans are being made for a big Republican rally to be held next Friday. Congressman Temple and William Flinn are among the speakers named.

INTEREST BEING TAKEN IN LITHUANIAN RELIEF

The general interest being taken in the relief work for Lithuanian war sufferers abroad, and the letters that are daily finding their way to the national headquarters from all parts of the land indicate the successful observance of the Relief day, November 1, set apart by President Wilson. Along the Monongahela valley plans are being made for a Tag Day observance.

The American Red Cross Society, with headquarters in Washington, D. C., has arranged for the proper distribution of the funds to be collected. Fearing an intervention on the part of both the German and Russian authorities, its representatives have submitted their plans to the governments of both countries. Germany has approved of them and Russia's approval—through her ambassador in Washington, is expected at any day. All that remains to attain the end sought by the central committee is a generous response from the American public, who have never refused aid to a stricken people.

Will Speak at Belle Vernon
Rev. E. N. Duty, pastor of the First Christian church of Charleroi will give an address on Bible School work at the Belle Vernon Christian church Sunday afternoon at 3 o'clock.

LOOK FOR CHANGES

Speakers at the political rally here Thursday made telling points when they said that we could not expect to live by the sufferings and death of our brothers across the water, which is precisely what we are doing now. Figures of departmental authorities at Washington show the trend of the export trade to be continually upward in the things of war and downward, if anything in the products for peace. As the speakers argued we must prepare for the end of the war, for there will be disturbances then that we cannot now foresee.

Just how Europe will try to recuperate is a question that nobody can answer just yet. Decision must await the close of the war, when the period of readjustment will begin.

Industrially Europe has gone back decades. Its best workmen have been killed or rendered incapable for service. Therefore upon America it must depend. If Europe attempts to recover her lost ground through the medium of low prices, as probably she will, there must be protection of American industries to withstand the shock. American industries too will have to readapt themselves to the new conditions. They are rushed to capacity now with war orders. War orders are never permanent. Peace products are being manufactured at a minimum and only actual home necessities being supplied. When the war ends the change will be abrupt.

MEAN BUSINESS

The quiet sort of enthusiasm shown at the Charleroi rally, and at the other rallies held previously in this country, is the kind of enthusiasm that is likely to prove dangerous to President Wilson's hopes at the election only a few days distant. The confidence of Republicans in their standard-bearer, Charles Evans Hughes and the local candidates, finds expression in the serenity of Republicans. To them there can be no doubt of the outcome.

Every loyal, patriotic citizen of the United States earnestly desires what is best for the country as a whole in the way of government. And they are finding in the Republican principles what they are seeking after.

WHAT CAN A BOY DO?

The industrial manager has failed often to recognize that the most difficult of all educational problems is to find out what a boy is fitted for. If the college could be any assurance that the requirements of the industrial field would be permanent, specialized instruction could be greatly extended. So long, however, as our knowledge of human beings remains as kaleidoscopic as they now are, the college owes it to its students to see that their training is such that, should they find themselves out of a position either because of inaptitude in one line or because of changed industrial conditions, they will have an educational foundation broad enough to build upon anew.—The Engineering Magazine.

WHAT OTHERS THINK

"OUR PEACEFUL CONDITIONS"

The price of foodstuffs has advanced materially within the past few months, making conditions oppressive for many people; the shoemakers have advanced the price of their wares, both in new material as well as in repair work, and now the barbers threaten to add to our already overburdened backs by increasing the price of a hair-cut.

If plans now under way become a fact, Donora citizens, as well as those of other communities, will dig up 35 cents for a hair cut when they have been paying 25 cents for it. In order to be divested of their flowing locks. All of which is anything but encouraging to the man who must work for wage in order to keep the family pot boiling.

True, in many instances wages have increased, but the boost has not been relatively large, while on the other hand the price of commodities have gone up from 25 to 50 per cent, and in some instances to a higher figure, so that a man today with a higher wage than he received a year

CHARLEROI HIGH IS DEFEATED 21 TO 0 BY ACADEMY ELEVEN

First Home Game Lost to East Liberty Team—Save Touchdown in Third Quarter and Gain Ground Through Kicking—Capt. Piersol Stars.

Somewhat heavier than Charleroi high the East Liberty Academy football team Friday afternoon defeated the locals in what was the first home game of the season. The score was 21 to 0.

Holding the upper hand except in the third quarter, the East Liberty lads rushed the game hard. Forward passes and line drives of the locals availed little.

In the third quarter Charleroi drove the ball into East Liberty's territory through their kicking. Eagre did the booting, one of his drives being a long one from in back of the line that saved a touchdown.

East Liberty made its first touchdown early in the game, Jacob going through the line. After crossing over he was tackled and fumbled the ball, but Vebelunas dropped upon it. Masley made the second touchdown following a series of line plunges by himself and Barrick. The third was made in the closing period of the fourth quarter. Lytle tossing a long pass to Jacob, who carried the ball to the 10-yard line from which point Masley went over. Humes kicked all three goals.

The stars of the games were Humes of East Liberty and Piersol of Charleroi. The last-named covered punts well and tackled hard, while Humes was a power on the defense and he ran hard with the ball. The lineup: East Liberty—21 Charleroi—0

RAILROAD REPAIRS BLACK DIAMOND CONNECTION

The Pennsylvania Railroad this week connected the north end of the railroad siding at Black Diamond with the main line. This connection was broken two years ago, shortly after the destruction of the rail tippie at the Diamond mine and had never been re-connected. The completion of the new tippie which is now almost ready for operation, makes it necessary to have the sidings connected, which is now being done by the railroad company. Work of fitting up the tippie for operation is progressing rapidly, and the mine should be all ready for work within a very short time.

Charleroi People Give Credit Where Credit is Due.

People of Charleroi who suffer with weak kidneys and bad backs want a kidney remedy that can be depended upon. Doan's Kidney Pills is a medicine for the kidneys only and one that is backed by willing testimony of Charleroi people. Here's a case:

Mrs. Fred Jackson, 207 Prospect Avenue, Charleroi, says: "I was troubled by a constant backache. If I did a little extra work the pain in my back was intense. I didn't rest well at night and got up in the morning lame and stiff. If I stopped, sharp pains caught me and I could hardly straighten up. I also had rheumatic pains in my back and arms. I couldn't do any sweeping. Dizzy spells and hot flashes bothered me terribly. As Doan's Kidney Pills had been used in the family, I got a box at Piper Bros. Drug Store and began taking them. One box practically cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jackson had. Foster-Milburn

Raisins as Food.

As a producer of energy the raisin is
a marvel. One pound of raisins in this
respect, according to a doctor, will
more than equal "a pound of beef or
five pounds of fish, two pounds of eggs,
four pounds of potatoes, two quarts of
milk, half a peck of apples or a dozen
bananas." And the advantage of the
sugar in the raisin is that it is almost
immediately digested, assimilated and
transformed into energy.

CITY HISTORY TO BE RE-ENACTED

Pageant Will Crown Pitts-
burgh's Centennial

THOUSANDS IN MASQUE PLAY

Stage Will Be Erected in Forbes
Field and Performances Given Tues-
day, Wednesday and Thursday
Nights; Orchestra of 103—Mammoth
Parade and Other Features.

Pittsburgh people of all classes of
business and occupations are aroused
over the great City Charter Centennial
celebration to be held during the
week Oct. 25th-Nov. 4th.

This celebration will be the greatest
and most important event in the
metropolis of western Pennsylvania
and will attract the largest number
of out-of-town visitors.

The celebration will be ushered in
by a large gathering of Pittsburghers
at the Western Pennsylvania Expo-
sition Saturday evening, Oct. 25th, and
a special program of music by Pitts-
burgh composers will be given by
Crescent's orchestra. Mayor Joseph
G. Armstrong, honorary chairman of
the celebration committee; William H.
Stevenson, chairman of the general
committee and president of The His-
torical Society of Western Pennsyl-
vania, under whose auspices the cele-
bration will be given, and Robert Gar-
land, chairman of the parade commit-
tee and president of the chamber of
commerce, will make brief addresses.

On Sunday, Oct. 29th, there will be
appropriate religious services in the
churches in the morning, a great union
service at the Soldiers' Memorial hall
in the afternoon and neighborhood
union services in the evening.

Children Will Read Essays.

Monday evening, Oct. 30th, a great
educational meeting will be held in
the Allegheny Carnegie hall in which
speeches will be made by prominent
educators and prizes presented to the
pupils of the schools of the city for
the best essays on local historical sub-
jects. A fine musical program will
also be given.

On the evenings of Tuesday,
Wednesday and Thursday, Oct. 31 and
Nov. 1st and 2nd, a magnificent his-
torical pageant and masque will be
given at Forbes Field. Fifteen hun-
dred persons will take part in the
pageant and there will be 1,000 others
in the musical chorus. Three-fourths
of the seats will be sold for the
nominal sum of 10 cents and the bal-
ance will be reserved at 25 cents.

On Friday, Nov. 3rd, the greatest
parade in the history of the city will
be held. It will embrace ten divisions
and number in the aggregate many
thousands of persons and there will be
about 100 artistic floats. One of the
special features of the parade will be
about 1,200 volunteer firemen. The
whole parade will be from 6 to 8 miles
in length; it will start on the North-
side promptly at 10:30 o'clock in the
morning and proceed by way of Fed-
eral street and Fifth avenue to the
Soldiers' Memorial hall, where it will
be reviewed by Colonel J. M. Schoon-
maker, vice president of the Pitts-
burgh and Lake Erie railroad and
chief marshal of the parade. In the
evening there will be a meeting at
the Soldiers' Memorial hall under the
auspices of the Sons of Veterans and
prizes will be given for the best essays
on Abraham Lincoln.

Football Game Ends Program.

On Saturday, Nov. 4th, there will
be a football game between the Uni-
versity of Pittsburgh and Allegheny
college at Forbes Field.

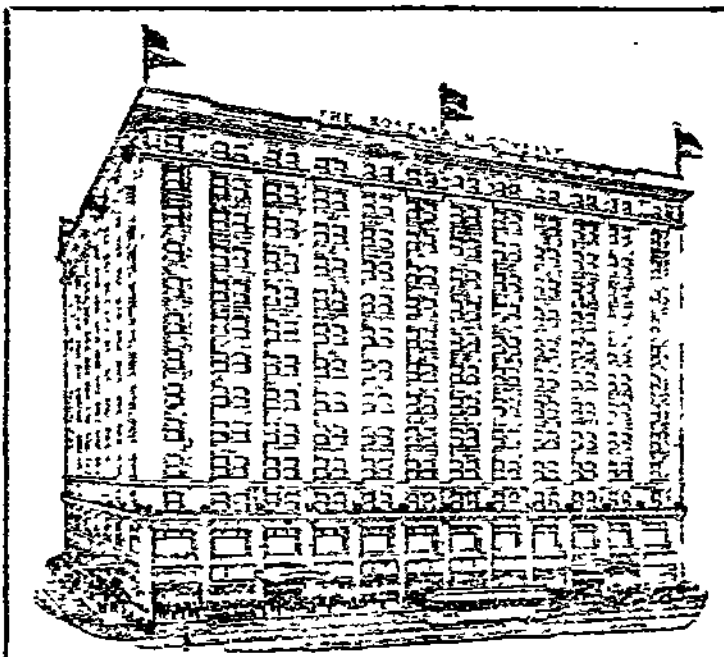

On Tuesday, Oct. 31st, at noon, the
chamber of commerce will give a big
historical luncheon at the William
Penn hotel at which ex-Governor Wil-
liam A. MacCorkle of West Virginia
will speak on "The Historical and
Other Relations Between the Vir-
ginias and Pittsburgh."

During the week the city will be
beautifully decorated and at night
there will be fine electrical illumina-
tions. There will be interesting ex-
hibits of pictures and relics relating
to Pittsburgh at the Carnegie Art gal-
eries. During the entire week there
will be exhibits of books by Pitts-
burgh authors, and works of Pitts-
burgh composers at the Allegheny
Carnegie library. At the building of
The Historical Society of Western
Pennsylvania, on Grant boulevard,
near Parkman avenue, there will also
be an interesting collection of books
and pictures.

The Pittsburgh Chamber of Com-
merce will have an inbound mer-
chants' excursion during the week.
All former citizens of Pittsburgh
and all people of western Pennsyl-
vania and of the entire Pittsburgh
district generally, are invited to attend
the celebration.

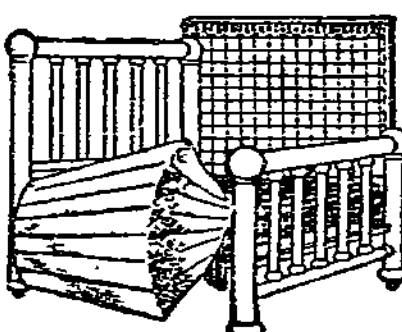

Preparation for the magnificent his-
torical drama, "The Pageant and
Masque of Freedom," that will star
Pittsburgh's celebration next week,
of the one hundredth anniversary of
the granting of its charter, with per-
formances in Forbes Field Tuesday,
Wednesday and Thursday nights, has
reached its crest.

Pittsburgh has given itself to the
support of the pageant as it has sel-
dom given itself before. The "Pageant
and Masque of Freedom" will be a su-
preme expression of the spirit of Pitts-
burgh.

AMONG THE THEATRES

COYLE—CHARLEROI

Monday at the Coyle theatre the at-
traction was Ormi Hawley in "Where
Love Leads" an excellent picture by
the Fox company. On Tuesday "The
Parson of Panamint" was featured.
This is said to be the best production
ever released on the Paramount pro-
gram. Dustin Farnum was at his
best in the leading role of the par-
son and was supported by a cast of
well known stars. Emily Stevenson
appeared in "The Wheel of the Law,"
which was shown Wednesday. Thurs-
day afternoon a variety program of
dramas and comedy pictures was
shown. The weekly installment of
the Billie Burke serial was shown
Friday. For Monday the attraction
will be Valeska Suratt in "The
Straight Way". Several other good
pictures have been booked for next
week.

PALACE—CHARLEROI

There are many bright spots in the
Palace theatre program this week.
Monday's featuring attraction was
the two reel film, "Timothy Dobbs
From Rogue's Gallery," with contem-
porary films being "The Heritage of
Valor," and "The Laugh of Scorn."
Tuesday's program was rich in fea-
tures. "Cracked From the Start"
was the reigning two reel presen-
tation. "As the Candle Burned" and
the animated weekly that has be-
come a fixed thing of Tuesdays were
shown. "The Triumph of Truth,"
Jane's Choice and Price of Victory"
were worth while productions of the
Wednesday program. On Thursday
was presented "The Pinnacle" a ster-
ling two part picture, together with
others of interest. The Friday two-
part film is "The Princely Bandit,"
and Saturday's booking "Tillie's Ter-
rible Tumbles," in three parts.

MAJESTIC—CHARLEROI

The Majestic presented its cus-
tomary good program this week.
There, Manager Sweeney started the
week by the presentation of Gladys
Hulette in "The Shine Girl," a Pathe
picture of unusual attractiveness.
Three stars appeared Tuesday in
the production of one of the neatest pho-
toplays of the entire week, "Home,"
a Triangle film. The Wednesday film
was that of Frances Nelsen and E.
K. Lincoln in "The Almighty Dollar".
This was a World film that brought
out many a truism in its dramatic
unfolding. Ella Hall and Herbert
Rawlinson charmed with their acting
in "Little Eve Egerton," a Bluebird
film Thursday. Today (Friday) is
being presented the high-class drama,
"Pillars of Society," adapted from
the work of Henrik Ibsen. Satur-
day will be produced "The Combat,"
a play with Anita Stewart featured.

Reasons Why Hughes Should Be Elected

BECAUSE he stands for Protection, prosperity, Preparedness and Patriotism.
BECAUSE he will not permit partisanship to triumph over Patriotism.
BECAUSE his speech of acceptance expresses his desire to cooperate with labor for its advantage,
not to exploit it for his own.
BECAUSE he will command the respect of Europe and Asia and win the friendship of Latin-
America.
BECAUSE he will never by proclamation deny the right of Americans to pursue their business in
other lands under the protection of the American flag.
BECAUSE he will not repudiate the American flag in any land.
BECAUSE he will not put action into words, but words into action.
BECAUSE, as Theodore Roosevelt well says, he has high sentiments of justice and dignity, is
upright and straightforward, is an incontestable master of judicial matters, and always
translates his words into deeds.
BECAUSE he is a strong, sure, courageous man; with a clear-cut program before him and with
the courage, intelligence and determination to carry it out and bring our country self-re-
specting peace and world-wide respect.
BECAUSE as Governor of New York he has already proved that he dared to do the right thing,
and is prepared to further do and dare when called into a wider field.
BECAUSE he is not a dreamer and not a quitter.
BECAUSE he is a firm friend of preparedness for the United States and not for preparedness
through political expediency.
BECAUSE he will not burden us with war taxes in time of peace.
BECAUSE we need a tariff not founded upon free trade, nor the "revenue only," but to protect
American labor and American industry from competition of the foreigner.
BECAUSE he is a red-blooded American. His policy will be "America first, America efficient."
BECAUSE he can be depended upon to keep platform pledges.
BECAUSE he will protect this country against being flooded with the cheap manufacturers of
Europe after the war.
BECAUSE he is the chosen head of a party which has long fathered all great constructive legis-
lation which experience has proved to be wise and which has invariably been opposed by the
Democratic party.
BECAUSE a business man is going to be especially needed in the next few years. In consequence
of the European war a tremendous readjustment of the world's business is ahead. The
United States must be economically prepared. It must not, as now, be left defenseless. It
must not have a President with an untrained business mind, ever changing. Mr. Hughes
made a remarkable record as a business Governor of New York. He has extraordinary
ability to see all sides of a question. Not from the deadly competition of the foreigner.
ration that he will hang business men "high as Haman" if they do not agree with him.
BECAUSE he is a man of forward vision, of practicability and firmness, not a mere rhetorician
and theorist.
BECAUSE he stands for the protection of American lives and property abroad as well as at home.
BECAUSE through him the whole nation will be in the Government. It will not be ruled by one sec-
tion, nor by one man.
BECAUSE he is for an effective, not an unsound and sham system of rural credits to help the
farmer and for a wise conservation of natural resources.
BECAUSE he is for a Federal workingmen's compensation law suitable for the employes of the
Government and those employes engaged in interstate commerce and subject to the hazard
of injury.
BECAUSE he favors investigating before legislating.

REPUBLICAN COUNTY COMMITTEE

at the New Davis theatre each after-
noon and evening during the week
which begins next Monday, October
30th. Miss Morgan's company num-
bers twenty-three, fifteen of whom
are dancing girls. They are the un-
shod, lithe-limbed young women who
have been performing classic dances
on the campus of the high schools and
universities, and who last winter
created somewhat of a sensation in
New York by dancing in the snow
barefooted, their nether limbs un-
adorned, their arms, throats and
chests innocent of apparel in Central
Park with the mercury hugging the
zero mark. Mr. Kellogg is not only
the most interesting and wonderful
person in vaudeville but a man who
stands out like a bas relief against
a background of conventional men.
He is the first human being to sing
the songs of the birds' voices, for he
has a range of twelve and one half
octaves whereas the average range
of the human voice is two and one
half octaves and that of Tetraxni,
the highest soprano ever known,
three and one half octaves.
Jimmie Hussey and Al Lee in "The
Fox Hunters", an exchange of rep-
resenting ceaseless laughter. The American Comedy Four will
entertain with melodious follies.
Claude Hager and Walter Goodwin,
composers of "Over the Hills in
Virginia", will render a repertoire of
their own songs. Sports of the froz-
en north will be exemplified by the
Alaska Trio, while sundry other art-
ists contribute merrily to a highly
diversified program.

JITNEY BUS STRUCK BY BIG CAR ON THE ROAD TO SPEERS

When the jitney bus driven by L. V. Carson on his way from Speers to Charleroi was struck by a large car a short distance above the water plant Friday evening at 7:30 the small car was considerably damaged, but no one was hurt. The front wheels were practically torn from the car. One of them today is not to be found. The big car did not stop, but continued on its way up the Speers hill.

MORE THAN A MILLION DRUG USERS IN U. S.

More than a million persons in the United States are known drug users and as many more use drugs in secret, according to B. C. Keith, chief of the miscellaneous division of the International Revenue Bureau, who said also that drug addicts were to be found in every district of the country, even in those sparsely settled. A dramatic plea for the drug users was made by Dr. Frank S. Abbott, formerly of Brooklyn, but now of California. He declared that drug victims should have the same treatment from society as drunkards and asked the association to recommend the standardization of national and state laws regarding users of drugs.

TRY A CLASSIFIED WANT AD

TURKEY OUT OF SIGHT FOR HOLIDAY FEASTING

The Turkey will not be the piece de resistance for the Thanksgiving and Christmas dinners of many persons who are depending upon the middle west for their birds this year. Dealers here say a tremendous turkey shortage is in prospect and prices at holiday time will be in the neighborhood of 35 cents a pound. Last year the price was 28 cents and the year before 25 cents. Meat prices will be 50 per cent higher in some cases. The receipts of hogs at the stock yards are falling off steadily and lean, rangy animals form the bulk of the supply. Farmers cannot afford to fatten them because of the high price of grains. The same applies to beefs. Meanwhile Minneapolis millers announce a 20 percent increase in prices of certain kinds of spring wheat flour which they quote at \$9.70 per barrel. Bakers are already predicting 7 cent bread as the price of wheat continues to climb. Wholesale grocers announce a rise in the price of canned goods. Cost of production has jumped 20 to 50 percent within the last year, they explain.

Punished For Selling Bad Peaches.

When C. Caplin, a Connellsville merchant, sold a bushel of decayed peaches to a woman on a guarantee that they were sound and then refused to refund her money, Mayor R. Marietta took a hand by fining Caplin \$25 with the alternative of going to jail for 30 days.

VALESKA SURATT TO BE FEATURED AT COYLE MONDAY

The attraction at the Coyle theatre Monday will be "Valeska Suratt in 'The Straight Way.'" The picture is an interesting one, portraying a woman's quest for happiness. It is a William Fox production. Tuesday Mae Murray will be seen at the Coyle in "The Big Sister" a drama of New York life.

GENERAL PAY BEING MADE

ALONG THE VALLEY TODAY

Today is a general pay at mills and mines along the Monongahela valley and large sums of money are being distributed, indicating a good shopping period. It is not unlikely that Christmas buying even will be started.

ORPHANS OF CIVIL WAR

VETERANS HOLD REUNION

A reunion of the orphans of Pennsylvania Civil war veterans is being held in Pittsburgh today. The event has attracted hundreds from all parts of this state and from outside its borders. Those in attendance are largely the orphans who were educated in schools established for the boys and girls bereft of their parents in the great struggle of more than half a century ago. The reunion opened in the afternoon and continue through the evening.

CLAYSVILLE PLANS TO

HOLD FARM PRODUCTS SHOW

Claysville is to have a farm products show the latter part of November, probably the 28th and 29th. The committee appointed to arrange for the show met at the office of Dr. J. N. Sprowls to take up preliminary work and appoint committees. A general meeting of the committees appointed was called for Wednesday evening, October 25, but this was postponed.

LARGE QUANTITY

OF HONEY STOLEN

John Rigford of Shire Oaks objected strenuously to the theft of about 120 pounds of excellent honey, which he had collected and stored in his home. The result was that four foreigners of that neighborhood, John Horwath, John Debrishi, Alex Horhor and Nick Horwath were arrested by Constable Jericho and Corporal Frank Sturm, charged with the robbery.

Hard on the Wrist Watch.

"It is a fact," declared a jeweler, "that the average watch carried by a woman never keeps accurate time." The reason for his remark was that a dark-eyed young woman had just passed out of the store after having had her new wrist watch regulated. The young lady couldn't understand why a brand-new timepiece should get out of order so quickly, but the jeweler explained it all. "Now that girl is a very popular young lady," he said "A lot of the young men of Fitchburg call on her. She also has scores of friends among the young women. She goes about the city quite a good deal and is constantly meeting her friends. Probably she meets 25 persons a day or more. If she doesn't stop to speak to all of them, she at least waves her hand. The wrist on that dainty hand carries the watch. The works are inside of the watch. Naturally they get shaken up pretty lively every day. Now a watch to keep correct time ought to remain fairly quiet. That's the whole story about this young woman's wrist watch. She will probably blame the fault upon the jeweler when, as a matter of fact, it is all due to her popularity."—Fitchburg News.

Faded Enthusiasms.

The enthusiasms of the day and hour I suppose to be merely temperamental. They are signs of an active mind, and we should be grateful for them rather than otherwise, whether swiftly outgrown or not. For they are but surface eddies of the current, and have but the slightest relation to the depth below. Even if some of them endure to the point of permanence, they are more likely than not to hold their proper place, and do no harm. The effervescence of youth is an excellent thing, and the more of it we keep in middle age or later life the better. Contrariwise, if, one by one, our images totter, fall and break, no matter. We can sit in serene contemplation of their fragments. "Through plot and counterplot," through all time and change, the "nightingale in the study" will sing on.—From the Atlantic.

Two Methods of Studying Music.

Picture to yourself a little girl of seven or eight seated before that ponderous and portentous mass of iron, steel, wood, wires and hammers which we call a "pianoforte" (60 pounds of tender, delicate humanity trying to express itself through a solid ton), her legs dangling uncomfortably in space, her little fingers trying painfully to find the right key, and at the same time to keep in a correct position, struggling hard to while to relate together two strange things, a curious black dot on a page and an ivory key two feet below it, for neither of which she feels much affection. And then picture to yourself the same child at its mother's knee, or with other children, singing with joy and delight a beautiful song.—Thomas Whitney Surette, in Atlantic.

EDITOR HENRY P. SNYDER

DIES UNEXPECTEDLY AT

HOME IN CONNELLSVILLE

Henry Provance Snyder, aged 60, editor of the Connellsville Courier, died suddenly at his home Friday. He had been ailing for some time but his death was unexpected, he having arranged to visit his office today after being confined to his home for two weeks. Mr. Snyder was sitting in a chair in his bedroom when stricken.

A staunch Democrat when he started the Courier in 1879, then a weekly paper, Mr. Snyder became a Republican in 1902, changed the policy of his paper and made it a daily. His retirement from a Democratic ranks came when William Jennings Bryan first became prominent in that party. Mr. Snyder always asserted the Democratic party "left him" when it took up Mr. Bryan. Since that time Mr. Snyder has been one of the strongest Republican party adherents in Fayette county.

During his two-weeks' confinement at his home, Mr. Snyder continued his newspaper work, writing his editorials at his home. He was well known throughout Pennsylvania as a journalist having been president of the Western Pennsylvania Association of Daily Newspapers in 1909. He was prominent in city life having served on the school board. He was a life trustee of the Carnegie Free Library at Connellsville and a trustee of the Cottage State Hospital. In 1896 he was a delegate to the Gold-Democratic convention. He was twice married and leaves one daughter, Mrs. James L. Smith, of Morgantown, W. Va., by his first wife; his second wife who was Miss Katherine Kuhn McIn tyre of McKeesport and four children by his second wife.

ANCHOR CLASS OF CHRISTIAN CHURCH HAS MASQUERADE

A masquerade party was held by the Anchor class of the First Christian church at the home of Mr. and Mrs. A. Hannen on Shady avenue Friday evening. About sixty members of the class were present. The house was beautifully decorated carrying out the Halloween idea. Games formed the evening's entertainment. A Halloween lunch was served.

Forced Girl to Marry.

Accused of taking Mary Mike to Akron, Ohio, and forcing her to marry Salwun Joseph, an elderly Monongahela City merchant, Elias Syphen of Wylie avenue, Pittsburgh, and Salwun Joseph, the bridegroom, were convicted of conspiracy in Criminal Court at Pittsburgh before Judge John C. Haymaker, Friday.

Former County Man Dies in West
Mrs. Jennie Hawkins of Beallsville has received word of the death of her uncle, Rev. Joseph B. Bennington of Perry, Dallas county, Iowa, whose demise occurred a few days ago. Mr. Bennington was born in Beallsville on February 9, 1842, and was well known among the older generation of the community. Had he lived until next February Mr. Bennington would have been 75 years of age.
